PT. SOLAS LANGGENG SEJAHTERA

About Us

PT Solas Langgeng Sejahtera was established in 1997. It produces prescriptions (ethical medicines), over the counter medicines, food supplements and beauty products which complied with CPOB (GMP)

The Products come in many forms:

- Solid (caplet and capsule),
- Liquid (syrup, suspension/emulsion and dry suspension)
- Semi solid (cream).

The company also own CPOB (GMP) facilities such as:

1. Betalactam tablet of Penicillin and Its Derivatives
2. Penicillin Oral Powder and Its Derivatives
3. Non-betalactam Tablet and Coated Tablet
4. Non-betalactam Oral Liquid
5. Non-betalactam Hard Capsule
6. Non-betalactam Semisolid

Several medicines for therapeutic classes with over 100 brands and their variances. The wide range of products enable customers to choose the best product that suit them most. Currently, these products are available nationwide through its distribution network.

Marketing and Distribution Channel

PT Solas Langgeng Sejahtera's products are accessible in both domestic and international markets. We distribute our offerings throughout Indonesia using FIFO (First In, First Out) and FEFO (First Expired, First Out) methods, covering areas from Sumatera, Java, and Borneo to the eastern regions of Indonesia, backed by our trusted national distributor, PT Sapta Sari Tama, which services nearly all regions of the country.

For our international distribution, we collaborate with official distributors in Myanmar, Cambodia, and Nigeria, selected through a standardized evaluation process.

Structure Organisation

Production and Laboratory Facilities

PT Solas Langgeng Sejahtera guarantees the safety and efficacy of our products through the implementation of a comprehensive quality assurance program.
